The minutes of the meetings held March 20th and 27th were read and approved.

Attorney Hall C. Ross addressed the board in behalf of the San Mateo County Bar Association, and asked that action be taken establishing a law library for the County of San Mateo.

The report of County Horticultural Commissioner Newton Peck showed that he had inspected 3770 trees, plants and shrubs during the month of March, of which number 125 were found infested with the mealey bug and properly treated.

Miss Anne Bell Bailey, county librarian, submitted a report showing expenditures for the month of March amounting to $225.98.

An ordinance providing the establishment of the said library was adopted on motion of Casey, seconded by MacBain.

The following persons, having complied with the county ordinance and furnished the necessary bond, were granted liquor licenses;

First township—Stephen McCue, Colma; A. Tassaro, Colma, John Mori, Rockaway Beach.

Third township—A. V. Kieffer, La Honda.

Fourth township—R. Tomei, Purissima.

Fifth township—J. J. Machado, Pescadero.

The application of Frank E. Johnson and Fred Bettencourt for a first class liquor license at Bellvale, was laid over for 30 days, on motion of Thompson, seconded by Brown.

The following applications will be acted upon a month hence.

First township—M. Vernengo, Colma. F. J. Russi, Colma; Robert J. Smith, Millbrae.

Third township—Fred Walthers, Redwood City; P. R. Weeks, La Honda.

Fourth township—Maymie Cawley, Purissima; M. C. Luke, Halfmoon Bay; E. Weitknaut, Farallone.

Third township—Emmett Mercantile Co., Belmont, (class B); John Beltramo, Menlo Park, (class B).

A communication was received from W. C. Christopher, enclosing a deed signed by property owners in the Pohlhemus tract near Menlo Park, whereby they transfer to the county a certain strip of land in the above tract, known as Randal avenue.

The deed was accepted and ordered filed, on motion of MacBain, seconded by Brown.

The following bids were opened for the construction of 7.47 miles of highway from San Gregorio to Pescadero:

A. J. & J. L. Fairbands,...	$63,754.11
Peterson & Grier,.....	62,290.85
Marin Rock Co.,.....	59,207.75
J. P. Holland.....	52,913.03
Tieslau Bros.,.....	60,975.15
L. G. Hare,.....	52,861.55
Sonnicksen & Bryant....	54,156.10
E. J. Hunt.....	57,080.79

It was decided to take up the matter of passing on the above bids and awarding the contract at the afternoon session.

A communication was received from John Flynn, superintendent of Holy Cross cemetery, calling the board's attention to the deplorable condition of the county road leading from the State highway up to the entrance of the cemetery.

To remedy the above situation, it was ordered, on motion of Casey, seconded by Brown, that the county surveyor prepare plans and specifications for the construction of the road between the State highway south to the incorporated limits of the town of South San Francisco.

A communication from L. M. Welch, representing Mrs. Elise A. Drexler, owner of seven of the twelve lots in the Drexler tract at Menlo Park, requesting the board to officially name the roadway through the said tract, "The Drexler Road," was referred to Supervisor MacBain of the Third township. The road was put through the tract at Mrs. Drexler's expense and was given to the county.

On motion of MacBain, seconded by Brown, Supervisor Casey was authorized to repair Wallridge street at Visitacion from the county line to the highway.

A communication was received from E. J. Ensign of San Francisco regarding a depression in the highway at Redwood City. The clerk was instructed to write the above party and advise him that the matter of repairing the depression was in the hands of the town trustees of Redwood City and the board of supervisors and would be attended to shortly.

A communication from the Tourist Association of Central California giving the locations of the Association's offices in Los Angeles, Chicago and San Francisco, was received and ordered filed.

H. W. Westphal of San Francisco addressed a communication to the board, calling attention to the deplorable condition of the new San Pedro road from the Chinese cemetery to the top of the ridge. The clerk was instructed to write Mr. Westphal and inform him that the repairing of the above road was being attended to by Supervisor Casey.

A petition signed by John Morton and other residents of the Montara Lighting District, was received asking for the installation of eight additional lights in the Riviera Ocean Villa Tract.

The request of the petitioners was granted, on motion of Brown, seconded by MacBain.

The list of the polling places and officers to conduct the presidential primaries in May, was presented and adopted on motion of Brown, seconded by Casey.

Adjourned at 12:30 for the noon recess.

The board reconvened at 2 p. m., all of the members being present.

The matter of awarding the contract for the construction of the San Gregorio to Pescadero road, bids for which had been opened in the morning session, was taken up. Surveyor Neuman submitted figures showing that the cost of securing the right-of-way and the engineering for the above road would amount to $5000. This added to the lowest contract submitted, that of Lou G. Hare, of $52,861.55, would bring the total cost of the construction of the road up to $57,861.55. There is available at the present time in the fund set aside for the construction of the said road $34,500.00, leaving a balance to be raised after the first of July to complete the contract, of about $23,000.00.

After considerable discussion in the matter on the part of the different members of the board, Engineer Neuman and District Attorney Swart, it was ordered with the advise of the latter, on motion of Brown, seconded by Casey, that the bid of Lou G. Hare be accepted, it being understood and agreed by the said Hare that the contract be drawn to provide for progressive payments up to July 1, 1916, to the amount of the funds now available for said work and that the contract provide that the remaining installments be made due and payable after July 1st.

Lou G. Hare, the contractor appeared before the board and asked for an extension of his contract until June 5, to complete the Pescadero to Santo Cruz county line road.

The request was granted on motion of Thompson, seconded by Brown.

Charles G. Landscheit addressed the board in behalf of a destitute family in Redwood City, who were sadly in need of relief. The matter was referred to Supervisor MacBain, on motion of Brown, seconded by Thompson, with instructions to afford the necessary relief according to his judgment.

Miss Fay Thorpe was the guest of Miss Eugenie McCarthy at Fort Barry last week.

H. C. FINKLER IS SLOWLY RECOVERING

Doctors Hold Out Strong Hope for Prominent Resident Who Was Injured Friday at Mayfield.

The condition of H. C. Finkler, the well-known resident of this city, who was seriously injured last Friday when thrown from a bicycle at Mayfield, was reported slightly improved yesterday by Dr. J. L. Ross, the attending physician.

Mr. Finkler was returning from San Jose when the accident happened, and was riding a bicycle with a motor attachment. He was found in an unconscous condition and after being given temporary treatment by Dr. F. M. Seibert of Mayfield, was rushed to the Peninsula hospital, Palo Alto, where his wife, the well known president of the Redwood City Woman's Club, and Dr. J. L. Ross were summoned. Mr. Finkler's right shoulder blade was broken and his arm badly gashed to the elbow and it was feared for several days that he had sustained a fracture of the skull. Tuesday, however, Dr. Ross reported a slight improvement in the patients condition, and held out hopes for his recovery. Mrs. Finkler has been in constant attendance at the bedside of her husband since the day of the accident.

Mr. Finkler is secretary of the Supreme Court in San Francisco and all of the Supreme Court judges as well as Judge Buck of this city, called upon him at the hospital when they heard of his condition. Dr. Ross of this city and Dr. Williams of Palo Alto are attending Mr. Finkler.

Mr. Merrill also spoke of the necessity of continuing the highway on the east side of the railroad track at Beresford to connect with the highway at San Bruno.

LOCAL BASKET BALL TEAM KEEPS UP WINNING STREAK

The 130 pound basket ball team of the Redwood Athletic Club added another game to their long string of victories Thursday night by defeating the San Francisco Boys' Club, the score being 64 to 23. The splendid team work and accurate shooting of the home team was too much for the city boys, although the latter made a good showing in the early part of the first half.

The locals have yet to meet their first defeat and they have played some of the strongest teams around the bay. They are very anxious to get a crack at the "Cardinals," the 130 pounders of the San Francisco Olympic Club and the undisputed champions of the State.

The line up of the Redwood 130 pound team is as follows:

White, forward; Fitzpatrick, forward; Parker, center; R. Torres, guard; Griffin, guard; subs, Pitcher and A. Torres.

A REMINDER

"Procrastination is the Thief of Time."

What a true saying this is, and yet we find ourselves putting things off day after day that should be attended to immediately, and paying dearly for it in the end. This will apply very gracefully to our sale of

Men's Furnishings

THE SALE STARTED OFF WEDNESDAY WITH A BANG! and the receipts for the day were far beyond expectations, and yet we hardly made an impression on the stock. The closing out of our MEN'S WEAR is only to make more room for our Dry Goods spring and summer lines which are beginning to arrive, so the Gents' Furnishings must go. I would advise all who would likely need anything in this department to take advantage of this sale, as all merchandise is not only going to be higher but scarce, especially if the present conditions continue to exist, so do not be afraid to supply yourself. These are all plums, not a lemon in the basket, and we will still be in business here and make anything good if by chance anything should be otherwise. I thank you. M. J. KNOX.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

PERVERTING THE PRIMARY

The very fact that those who call themselves the "United Republicans" are fighting the entire state organization of the Republican party, is of itself the best evidence that they are not in any sense "Republicans,, of any kind. They are, in fact, Progressives who are attempting to not only control their own party, but also are trying by fraudulent practice to control the nominations of the Republicans. This is the very thing that the primary laws of California were passed to prevent, but there seems to have been no provision to punish or prevent, purjury in declaring political affiliation for the purpose of defeating the party affiliated with, and the so-called "United Republicans" are Progressives who are taking advantage of this fact to tighten the hold of Hiram Johnson on the omces of the state. That this is true is naively acknowledged by the Fresno Republican, which is recognized as the mouthpiece of Johnsonism in the valley.

The honest members of the Progressive party who believe in Governor Johnson's goodness and ability, are registered as Progressives, and are entitled to the most sincere approval and respect, for, however greatly one may differ from them in belief, their honesty of purpose is apparent and their courage unquestioned. The dishonest members of that party who are attempting to steal the delegation to the Republican national convention by parading or registering as Republicans, are entitled only to contempt.

IN THE RUNNING

The only way to repay men of the type of George A. Merrill and Joseph Hahir, trustees, is to keep them in office and to select as their running mate a man equally as broad, equally as progressive. The citizens of Redwood City will have an opportunity to show their appreciation of Merrill and Hahir at the polls next Monday. It is not too much to say that there should not be a vote registered against them, but it is too much to expect for no man in public office can or should expect that by doing his duty he can avoid making enemies. Duty, which in the case of Merrill and Hahir has been the accomplishment of things beneficial for Redwood and not for the benefit of any few, has brought criticism, has brought praise. It speaks well for them the fact that their critics are few, their supporters many.

For eight years we have had Merrill and for four years Hahir at the helm of the city government. They have made efficient pilots. Keep them at the wheel.

There are six other citizens seeking the sufferage of the voters of Redwood. They are good men, good citizens, and we believe any of the six would make a good trustee. They are David E. Graham, Geo. Kreiss, Floyd Baird, Geo. McNulty, Carl Mabie and Harry C. Lewis.

MAYOR FRED R. HOWE OF SANTA CRUZ FOR STATE SENATOR

The latest bit of political gossip in Santa Cruz concerns no less an individual than the live wire who occupies the office of mayor—to wit, Fred R. Howe, and it connects him with the office of state senator at the big white building in Sacramento. It is a fact that a number of friends of the mayor are bent on putting him forward as a regular Republican nominee for the senatorship.

Naturally they will meet with one big obstacle—and that is the desire of the people of Santa Cruz to keep Fred in the office he now holds and which he ornaments. They expect big things from him in the development of Santa Cruz and they don't want to lose him to the state senate or any other old job that would take him out of the town.

So he men who want to see Howe in the senate are loking up the law to see whether Howe can remain mayor and still occupy a seat in the upper house of the state legislature as the representative of this district.

Two very good lawyers have given their off-hand opinion that it "can be did," but they do not want this opinion to be accepted as final until they have further looked up the law.

The withdrawal of Joseph H. Nash, county clerk of San Mateo County, from the race for state senator leaves the place open for any one who cares to enter. The name of Joseph G. Gordon of San Mateo, formerly of Watsonville, has been mentioned and it is understood that he is not adverse to trying for the Republican nomination at the August primary. Another possibility is M. B. Johnson, a real estate man of Montara, one of the towns on the Ocean Shore line in San Mateo county.

But if Howe should announce himself it is declared that he will receive substantial support from the other counties of the district—the district embraces the counties of Santa Cruz, San Mateo and San Benito. But the boom will originate here—and it will depend upon whether a man can be mayor and senator at the same time. —Santa Cruz News.

Biplanes Prove More Reliable

At one time it looked as if the monoplane would be the favorite form of air craft. This war has proved the contrary. Monoplanes have been almost discarded in favor of biplanes and triplanes. The more planes the more strength and the less danger of crumpling. Then, too, the biplane does not need so great a spread of wing, and that makes landing in a narrow road much safer.

MODERN COTTAGES TO BE ERECTED AT SAN CARLOS

R. H. Hurlbut to Build New Homes on the old Clarence Hayward Place

R. H. Hurlbut, a former resident of Redwood City, has purchased the old Clarence Hayward place at San Carlos and contemplates extensive improvements on the property. The residence is to be removed to the rear of the lot and two modern cottages erected.

Mr. Hurlbut purchased some of the buildings of the mid-winter fair in San Francisco and removed them to Wellesley Park where Mr. Hurlbut established a splendid home which afterwards became the property of the late W. T. Whitney. Mr. Hurlbut is the father of the noted novelist, Edward Hurlbut of San Francisco. Mr. Hurlbut is a widely known contractor. He erected the Masonic home at Decota and other large buildings in the state.

FOR TOWN TRUSTEE

In my desire to serve the City of Redwood in the capacity of Town Trustee, I, David E. Graham, would pubicly express to every voter my absolute faith and good will.

Having been a resident, tax payer, and a registered voter of Redwood City for the past five years, I feel that I intimately know the needs of this community.

The slogan of my campaign has been, "Business Methods in Municipal Affairs." To get a dollar's worth for every dollar expended; to show value received for money laid out and to give a square deal to all, will be my aim and constant endeavor if I am chosen to direct your affairs.

In your interests I am not to be swayed. Independence is absolutely requisite for anyone who is to be the servant of the people. I am a partisan of no party, of no clique. I belong to no man or set of men. To do right as I see it and as I see it with my own eyes, is my boast

Therefor, I make appeal to every resident of Redwood City for their support in the coming election of April 10th.

DAVID E. GRAHAM.

Income Tax 100 Missions

Officers of the Treasury Department estimate that the Federal Income Tax this year will yield about $100,000,000, which is $20,000,000 more than last year. Every corporation, and every person having an income of more than $3,000 a year, has to make a sworn statements are now being examined statements are now being eramined. They seem to show an average increase over last year of about 25 per cent, due to the greater business prosperity.

Mary A. O'Farrell, through her attorney, Joseph J. Bullock, on Thursday commenced an action in the superior court against Constable Martin H. Walsh to recover an automobile unlawfully held by him, so the complaint alleges, and for damages in the sum of $500, the price of the machine. The constable has a sufficient bond to protect him in case that a judgment should be secured against him. The action grew out of the case of W. T. Casey against John O'Farrell. The former brought an action in the justice's court to recover on a plumbing claim against O'Farrell and secured judgment of $91. When he brought the suit he attached the car. O'Farrell claims the machine is the property of his wife and now she brings the present action to secure possession of the automobile.

ACTIVE INTEREST GROWING IN COMING CELEBRATION

Local Lodges to Take Part in Parade Platform Being Built on Ball Field

The active interest of the various Redwood City Fraternal bodies in Floral Festival Day indicates that this year's celebration will be one of the best ever held here. Chairman McGettigan of the Floral Festival committee has been notified by nearly every one of the local lodges that they intend to have representation in the parade. There are several others who have not as yet filed their official notice that they intend to participate but there is no question but that they will be in line.

The Festival committee of Court Madrone, the local lodge of Foresters, has announced that while the lodge will be represented in the parade it does not intend to enter as a competitor for any of the prizes, the members feeling that because it is Foresters' week here the court should not take advantage of this fact.

The program committee is working hard on the program to be given at the ball grounds at the close of the parade. Contractor Zimmermann has undertaken the task of erecting the platform for those taking part in the program. The platform will be elevated this year so that the view of the spectators will not be obscured by the crowd.

It is very likely that aviator Purcell of Sunnyvale will give a flight here on Floral Festival Day. He has expressed a willingness to fly provided the expense of shipping his machine and the wages of his mechanicians are paid. W. A. Kohler has undertaken the task of raising the necessary fund and is meeting with considerable success.

NEWTON ANDREWS, JEWELER HEIR TO LARGE ESTATE

Formerly Conducted Jewelry Store in Sequoia Building in This City

Newton Henry Andrews, who conducted a jewelry store in the Sequoia Hotel building last year and who left here for Weed last August, has evidently fallen heir to a large fortune. His daughter, Ruth Andrews, who is attending high school at Oakland is making a nation-wide search for her father. Miss Andrews is the heir to one-third of a valuable estate at San Jose left by her aunt, Mrs. Josephine Hager.

Andrus, who is a jeweler by profession, and who, according to his wife, Mrs. Mary Andrus, 830 East Twenty-third street, Oakland is sometimes known under the name of Henry Andrews, has been separated from his family for eight years. According to Mrs. Andrus his disappearance dated from a letter which her attorney sent him, addressed to Weed, in which demand was made for the support of his family. Andrus at that time wrote his daughter Ruth that he had sold out his jewelry business and was leaving for Salt Lake City. Later mail was received from him at Portland, Or., by a friend of the family.

The estate at San Jose, which is in the hands of the public administrator, is to go jointly to Andrus or his heirs, his brother, J. J. Andrus, and a third brother, Edward Andrus in Australia. Before Miss Andrus can receive her share she must show that her father is either living or dead.

COASTSIDE ITEMS

Superintendent of Schools, Roy W. Cloud, was here during the week on his tour of the coast schools. He paid a neat compliment to Harry Hall, principal of the local grammar school, for the great progress the school was making. Under his management it has made wonderful strides and is among the best disciplined schools of the county. Mr. Cloud also congratulated Mr. Hall on the arrival of a baby girl born to Mrs. Hall at the Fairmont Hospital in San Francisco on Wednesday, April 5, 1916. The young father is very naturally proud of the little Miss.

Father Valentini, who died in San Francisco and who was the pastor of the Catholic church at Sausalito for a great many years, was pastor of the Halfmoon Bay Catholic church over forty years ago. He was appointed pastor to that place by the late Archbishop Alameny. He was a devoted priest who will be remembered for his piety by all old timers.

John Kyne, candidate for high school trustee for the Halfmoon Bay Union High School District came to Moss Beach in the year of 1884, and since or the greater portion of that time has acted as school trustee for the Montara district.

Miss Bailey, the county librarian has arranged to establish a branch of the county library at the Montara-Faralon school house. Miss Alice Abbott, the teacher has consented to serve as librarian. Books may be had from 12 to 1 every day that the school is in session an on Thursday of each week from 4 to 5. The books will be circulated according to the rules and regulations of the County Library Law. A consignment of books will arrive in a few days. Special subjects may also be secured free of charge by residents of the Montara school district.

Supervisor Jos. M. Francis has announced that soon after July he is going to improve Sunshine Valley road by giving it a heavy coat of waterbound macadam. Joe has made a first class supervisor and this end of the fourth township should re-elect him by a handsome majority at the primary in August.

PENINSULA HOTEL CLOSED

By the terms of a deed filed in the county recorder's office yesterday the San Mateo Hotel Company transferred all its property to the San Mateo Improvement Company. The members of the later company were the original owners of the property which they acquired from the late Alvinza Hayward. When the Peninsula Hotel was started the improvement company held a mortgage on the property and the realty is now transferred to satisfy the mortgage. The hotel proved to be a losing investment and the owners decided to close it.

STREET AND SEWER CONTRACTS AWARDED

Clean-up Week for Redwood City Will Begin on April 12th, 13th, 14th and 15th.

In opening bids for the James avenue sewer extention, Monday evening, the board of town trustees found the following bids:

W. J. Tobin	$898.10
Joseph Birkett and Steve Anderson	736.34
R. E. Johnston	995.77
Sonnicksen and Bryant	725.21
W. S. Gause	1010.95
J. J. Calish	849.65

As the checks accompanying the bids of Sonnicksen and Bryant were not certified as the law provides that the board would have the assurance that the contract will be signed and the work performed according to specifications, their bid was rejected. The bid of Joseph Birkett and Steve Anderson being the next lowest bid and complying with the law was accepted. The difference between the two bids is $11.13.

The bids received for the sidewalks and curbs on Broadway and East Brewster, Arguello and Winslow streets were:

R. E. Johnston	$1,474.60
Chas Lindgren	1,778.20
Joseph Birkett	1,342.22
T. C. Rice	1,691.34

It was found that the certified check of Joseph Birkett was $4.22 less than ten per cent of his bid and his bid was rejected. The bid of R. E. Johnston was accepted. The difference between these bids was $132.38 which is less than the cost of readvertising the work and loss through delay.

All the bids for the macadamizing of East Brewster complied with the law They were as follows:

Blanchard Brown and Co.	$1992.08
T. C. Rice	2534.62
Jos. Birkett and Steve Anderson	2243.52
Eaton and Smith	2243.52

Blanchard Brown and Company's bid being the best bid, it was accepted

The bids on the curb and gutter work on Broadway and Main street were as follows:

R. E. Johnston	$1961.62
Jos. Birkett	911.62
T. C. Rice	1360.70
Chas. J. Lindgren	1574.02

As Mr. Birkett's bid was the lowest and as he did not include a price on replacing the macadamizing in his proposal but stated that he intended to do the work without charge the matter was referred to City Attorney Mansfield and awarding the contract was deferred until Friday night. The next best bid for the work is that of T. C. Rice.

W. J. Kidd, public accountant, filed a revised statement with the clerk of the board showing that $1,092.65 is due from the county for delinquent city taxes collected. His statement has been verified by the county auditor The board instructed the clerk and city attorney to file a claim for this amount with the board of supervisors.

Resolutions of intention were passed covering the curbs and sidewalks on El Camino Real from Whipple avenue to Five Points. Bids for the work will be opened May 1st.

J. F. Archibald was granted a permit to move the Green house on Whipple avenue to Spruce and Phelps streets. The property was recently purchased by the school trustees for a school site.

April 12th, 13th, 14th and 15th will be "Clean-Up Day" for Redwood City. The work will be carried on under the personal supervision of Trustee Tuchsen and Superintendent of Streets Dickie. The hope was expressed by the board that the citizens of the town would take the interest that had made the idea a success in former years.

City Electrician Ryan was ordered to purchase sufficient electric light sockets and lamps for lighting the principal streets of the town. He is able to secure these electric light fixtures at a remarkably reasonable price at this time.

Attorney Lee Ross representing David Solari addressed the board regarding the improvement of Stafford street on which Mr. Solari owns considerable property. As any new pavement now put on Stafford street or Rodgers street would be badly damaged by the heavy traffic diverted over these streets while the state highway is being completed it was decided by the board that the street should be scarified, scraped and graded and put in the best condition possible without making a new street. When the highway is completed and traffic becomes normal the matter of paving Stafford, Rogers and Arguello streets from Finger's bridge to the depot will be taken up and a uniform pavement adopted.

The collections for the various funds for the month of March were as follows: Water collections, $964.05; water connections, $40.00; taxes, $667.52; sewer connections, $10.00; dog licenses, $16.00; miscellaneous licenses, $10.00; street improvement No. 14, $186.20; total, $1893.77. There is a balance on hand in the general fund of $3,469.35, and in the water fund, $1553.77.

The usual monthly budget of bills was allowed on motion of Trustee Deleau.

Mt. Carmel Aid Society Meeting

The Mt. Carmel Aid Society held a very enjoyable meeting on Tuesday night. Musical selections both vocal and instrumental formed a large part of the evening's entertainment. Delicious refreshments were served by Mrs. J. J. Shields, Mrs. C. Cullen and Miss Ward, hostesses for the evening. Mrs. J. McAuliffe, on behalf of the members of the Society presented Mrs. J. N. Winter with an ivory mirror in honor of her birthday to which she feelingly responded although taken very much by surprise. The committee of the recent St. Patrick's card party and dance reported the net receipts to be $133.60 and Father Sullivan desires to thank all those who in any way contributed in making the affair such a social and financial success.

PLANS UNDER WAY FOR THE NEW CONGREGATIONAL CHURCH

Almost Half of Required Sum Already Subscribed for New Building

Rev. H. H. Wykoff, head of the building section of the Congregational churches of the Pacific Coast addressed the Congregational church of this city last Sunday. The local church contemplates the erection of a $30,000 house of worship and plans are now being prepared and ways and means provided for the payment of the money for the big edifice.

The building department of the Congregational church provides for the payment of one-third of the cost of all church structures and this amount will be forthcoming when the foundation is laid.

The contemplated building will be erected on the present site of the old church building. When completed the new structure will be one of the most imposing and largest church buildings in the peninsula. A meeting of the congregation is to be held next Wednesday when plans for erecting the building will be completed. Subscriptions will be received at this meeting and later a committee will be appointed to secure further subscriptions. All should encourage this laudable undertaking. The new church will be a credit to Redwood City and an asset to the moral tone of the community. The subscription list has been headed by L. P. Behrens and D. W. Williams who have subscribed the munificent sum of $2,000 each. Other big amounts are expected to be subscribed during the coming week. Work on the new structure will begin early this summer.

MASONIC HALL ASSOCIATION INCORPORATED FOR $50,000

Will Construct Three Story Building On Main Street This Summer

The Redwood City Masonic Hall Association was incorporated during the week with a capital stock of $50,000 divided into 1,000 shares at a par value of $50 each. The directors are: George McNulty, Frank K. Towne, Charles Landscheit, W. H. Kelso and J. E. Ensor. Lee T. Ross has been selected as the attorney for the new incorporation. The purpose of the incorporation is to erect a three story masonic temple at Redwood City. The new building is to contain three stores on the lower floor and one of the finest theatres in the peninsula will be located on the second story. The structure will cost in the neighborhood of $50,000. The association has purchased the old Pioneer Stable property on Main street which has a big frontage and runs back to the rear street. It is the choicest site in town for such purposes. Work on the temple will begin during the summer. The building will add much to the attractiveness of Redwood City and will be a big factor in encouraging others to build. Redwood City has a boom in the building line. Just watch Redwood City grow.

WOODSIDE NOTES

Mr. and Mrs. Charles Josselyn who spent the winter in San Francisco, have come to Woodside for the summer. They reopened their country home last Saturday. Miss Marjorie Josselyn, who is with the yachting party of Mr. and Mrs. D. C. Jackling, is expected home next month. She will probably precede the others of the party, who do not expect to return until June.

E. R. Dimond has awarded a contract to Weeden Brothers of Menlo Park to make certain alternations on his residence and make certain additions to the building at Portola. The work must be completed in 45 days and the stipulated price of the contract is $2,500.

Why Ships Are Scarce

The war in Europe has taken from the seas more than 2,000 merchant vessels, a total of 4,000,000 tons. These figures are published by the U. S. Department of Commerce. Germany is estimated to have lost 600, including those interned; Britian 500, and her allies 167; Austria 80, Turkey 124. Ninety-two neutral vessels have been submarined and 94 sunk by mines. Many ships have been captured or so badly damaged as to be unseaworthy.

It is understood that the Italian government has agreed to send all blackhand criminals to Italy at its own expense.

The complaint alleges that he was a passenger on the bus of the defendant on December 4, 1915 when through the carelessness of the driver he was thrown out and severely injured. Action Pending Several Years Closed

Judge Buck on last Saturday rendered a decision in the case of John S. Hogan against James A. Lee and his sister, Josephine Lee giving judgment in favor of defendants. Hogan represented the Lees in several suits in connection with the settlement of their mother's estate. He brought the suit to recover attorney fees in the sum of $750. One of the contentions of the attorney of the defendants in the suit was that the Lees were minors at the time Hogan was employed by them and they therefore were not responsible for his employment as this matter should have been attended to by their guardian. The action has been pending for some years.

Charge Against Giollas Dismissed

Judge Buck on Thurday dismissed the information against John Giollas, charged with the murder of William McLellan at La Honda last fall. He started a fire and was preparing his evening meal on the Pope ranch near La Honda of which McLellan was the superintendent. The latter assaulted Giollas and drove him from the ranch clubbing him with the limb of a tree. Giollas turned on his assailant and stabbed him to death. The coroner's jury exonerated the defendant.

BRIGHT, WHITE LIGHT DEPENDS

On the Quality and Voltage of the Lamps Used.

If lamps are used which are marked for a voltage higher than the standard current supplied, then they will burn dim, only two-thirds of the proper light being given if the marked voltage is ten per cent above standard.

If lamps are used which are marked for a voltage lower than the standard they will burn out faster than they should.

The standard voltage rating for lamps for use on lines of the Pacific Ges and Electric Company in this district is 115 VOLTS.

Expensive automatic regulators are maintained by the company which operate every second of the day and night in order to maintain uniform voltage on the lines.

Unless the lamps used the of the proper voltage the benefits of this costly work are largely lost to the consumers of **"Pacific Service."**

Be sure when you buy lamps to look at the small paper label and see that it reads 115 VOLTS (sometimes abbreviated to 115V).

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonsful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonsful, because 50c worth makes a whole pint (128 teaspoonsful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. What Does It Cost YOU to Feed Him?

In 1914, according to government reports, 497 California farmers saved on an average $220 each, by ridding their land of common ground squirrels.

What toll are these little rascals levying against you? Do you realize what damage even a few squirrels or gophers can do in a year's time?

Get rid of them. It's easily and quickly done with

KILMOL SQUIRLGOPHENE

Will Kill 'Em All

In each burrow put one waste ball saturated with Kilmol. After a few minutes, ignite. The deadly fumes instantly reach every nook and cranny of Mr. Squirrel's or Mr. Gopher's burrow. Kilmol gets him every time—poisons as well as asphyxiates. Kilmol costs you less than one cent per burrow, and one application does the business. Any other method requires from two to six times over at a much higher cost. Government, State and County officers use Kilmol and get 100% efficiency. Results absolutely guaranteed or money refunded.

Your local dealer can furnish waste balls better and cheaper than home-made. Ask him about Kilmol, and about new U. S. Government formula of poisoned barley.

Write for full information about squirrel and gopher eradication.

The United States Destructor, invented by U. S. officials and used with Kilmol. A machine that pumps the gas into the burrow.
